Yadd-I brilliant grey M

PERFECT SAFETY FOR TREND SETTERS

With the Yadd-I from ABUS, you'll attract plenty of attention! The fresh, eye-catching design is a trendsetter and stands out from the crowd.

But it is not only the design that is makes the whole line stand out. The Yadd-I also stands out technically.

The practical "Soft Tune System" adjustment system promises optimum support and a comfortable fit and only needs to be adjusted once thanks to its flexible elastic strap. It is no longer necessary to bother with opening and closing the adjustment system. Thus the helmet can be removed and placed easily on the head like a baseball cap. The Forced Air Cooling Technology quickly deflects air outwards through flow channels, thus ensuring a comfortable head temperature despite the closed helmet shape.

Technologies

- In-Mold for a durable connection with the outer shell with shock-absorbing helmet material (EPS)
- Soft Tune System – elastic, variable adjustment system for a secure fit and outstanding comfort
- Forced Air Cooling Technology – intelligent ventilation system with five ventilation holes connected to one another by specially designed flow ducts
- Removable and washable padding with maximum wearing comfort
- Soft straps that are simple to fit thanks to practical strap adjusters
- Removable fabric visor
