

402/170HB23 YE Ultra Scooter

Technologies

- 11 mm, hardened steel round shackle
- Double-locking mechanism securing the shackle in the lock body
- The shackle, the body and the load-bearing parts of the locking mechanism are manufactured using specially hardened steel
- Special, modern design of the lock body casing allows for optimum handling
- High-quality locking cylinder for protection against manipulation, e.g., picking
- Four keys included with the lock

Usage

- Outstanding protection in situations where there is a medium risk of theft
- Recommended for protecting high-value bicycles and scooters
