

TRUST THE PROFESSIONALS

Our GRANIT™ padlock is the lock for the highest security demands and made in Germany.

For protection of highly valuable objects at a high risk of theft, rely on our Granit 37/55! Halls, doors, gates, containers, or trucks can be reliably locked with this padlock. It meets the special requirements of insurance companies and is one of our high security locks. The lock from the GRANIT™ collection is manufactured according to the European standard EN 12320 and has a special coating for improved corrosion protection. Lock body and shackle made of hardened special steel, with an ABUS Plus disc cylinder inside. One of the two keys supplied is equipped with LED lighting. You can purchase this padlock with either a code card or security card. With the code card, the number on the card is all you need to make keys at a retailer. With the security card, you keep control: Original keys can only be duplicated by presenting the enclosed security card at a licensed ABUS dealer. Tip: In combination with the Hasp 130, the protection is even more reliable!

Technologies

- ABUS-Plus disc cylinder: highest protection against manipulation
- Body and shackle made from hardened alloy steel
- Black Granit coating for even more corrosion resistance
- SZP: comes with security card to protect against unauthorized key duplicates
- RK: cylinder can be re-keyed to match an existing ABUS-Plus key
- 2 keys, 1 with LED light

Usage

- To secure valuables/goods of great value or at a very high risk of theft
- Meets special requirements of insurance companies
- Certified and approved padlock
- To secure e.g. warehouses, industrial sites, factory gates, containers and lorries
- Ideal in combination with ABUS high-security hasp No. 130
