MoDrop MIPS velvet black S

The Do-it-All Mountain bike helmet

The ABUS MoDrop MIPS can handle any terrain and any riding style.

The mountain bike helmet is the perfect companion for big mountain days or riding the local trails. Equipped with our MTB-specific adjustment system and TriVider helmet straps, this helmet offers many features that make it more comfortable to wear. that make it unbelievably comfortable. The height-adjustable visor protects you from hanging branches and varying light conditions when riding downhill. In the event of a fall, it can also prevent direct impact with the face.

Additional safety is provided by the MIPS impact protection. This is intended to protect the brain, especially if the cyclist's head hits the ground at an angle during a fall. In a fall, the brain is exposed to strong rotational movements that can lead to severe brain injuries. With MIPS, a movable low-friction plastic shell is integrated into the helmet to ensure that rotation is reduced and the head is better protected.

Technologies

- Multi-Shell In-Mould for a permanent bond between the outer shell and the shock-absorbing helmet material (EPS)
- Zoom Ace MTB: Height-adjustable adjustment system to fit the head circumference
- Ponytail compatibility: Helmet well suited for ponytail wearers
- Laterally adjustable, non-slip TriVider webbing distributor
- Moulded lower shell for added durability
- QUIN ready - easy upgrade with the separately available QUIN chip for fall detection
- GoggFit: Goggles are easily stored under the visor when not being used.
