BORDO™ 6000K/90 black + bag ST

FOCUS ON SECURITY, HANDLING AND FLEXIBILITY

Place your trust in the quality of a classic model: The BORDO™ 6000K folding lock offers good theft protection in an easy to use package.

The BORDO 6000K Folding Lock features six 5mm steel bars connected with special drill resistant rivets, which fold together into an easy to transport package. This is familiar territory for ABUS - the locks in the ABUS Bordo family have gained a reputation as true classics whose functionality has nevertheless yet to be surpassed. This is a variant that can be opened by one key.

Made of specially hardened steel, the bars and housing offer high resistance. At the same time, the high-quality ABUS XPlus cylinder provides particularly high protection, e.g. against picking. The soft coating provides protection against paint scratches. It also makes the lock easy to grip. The "Made in Germany" quality has garnered international awards.

Technologies

- 5 mm bars with extra-soft yet resistant coating to prevent damage to paintwork
- The bars and lock body are made of specially hardened steel
- Bars are connected by special drill resistant rivets
- ABUS XPlus cylinder for extremely high protection against manipulation, e.g. picking

Operation and use

- Good protection for medium theft risk
