4003318981456

Simple. Versatile. Secure
Convenient battery life. Excellent reception. Reliable person recognition. Detailed colour images even at night. Information and access via app at any time, including intercom function (no subscription). Easy start-up - the ABUS battery camera Pro with base station offers this and even more practical functions.

Video surveillance installed quickly and cleanly, easy to put into operation: That's exactly what you get with this smart wireless security camera including battery and powerful base station.

It's that simple: open the package, connect the base station to your router via network cable and download the free App2Cam Plus mobile app - the app will then explain everything else step by step. The camera can then be placed flexibly thanks to its large wireless range and practical design - independent of any power supply.

You can configure personal settings via the app in no time: depending on situation, you can completely hide private or public areas in the image. If you wish, the camera will only notify you of people via push notifications - and ignore animals, vehicles, moving leaves, etc.

A USB stick that plugs into the base station serves as the memory. The recordings are therefore on site with you, and can be accessed at any time without any costs.

The weatherproof camera easily withstands rain, snow and strong sunlight. The integrated white light LED ensures clear colour images even in the dark. Whether indoors or outdoors: you can keep an eye on your home and your loved ones and deter intruders. Practical: the app and camera can be used like an intercom system (couriers and friends at the front door).

Tip: the separately available ABUS solar panel extends the battery life and even makes the camera completely

self-sufficient in good conditions.

Technologies

- Surveillance camera, wireless, rechargeable battery, person detection, push notification for motion alarm, intercom function, colour images even at night, base station, free access via mobile phone and tablet app App2Cam Plus (no subscription)
- Flexible wireless camera for outdoors & indoors; weatherproof (protection class IP65); 120-degree viewing angle; place on a shelf indoors as required, outdoors with practical ball-head mount
- Practical base station (connected to router indoors via LAN cable) extends wireless range; no subscription (USB stick included for camera recordings stored inside building, no cloud costs); integration of up to 4 cameras
- Quickly ready for use thanks to simple commissioning (in just a few minutes with app assistant); permanent free access to live stream, memory and all functions and personal settings (white light LED, etc.) via app
- Fully-automatic person detection and push notification by app (ignores vehicles/animals); automatic recording start (ignores branches swaying in the wind etc.)
- Completely hide/black out private zones (e.g. public properties); data protection-compliant recording (audio off; depending on use on site, permanently store video data or automatically delete after 3, 7 or 30 days)
- Intelligent battery management; battery life thus up to 6 months (with approx. 4 recordings/accesses per day; the battery life is reduced by more frequent/longer use, heat/frost or greater distance from the base station)
- 3 megapixel resolution; clear and detailed night vision in colour
- Additional cameras available (max. 4 cameras per base station); set compatible with ABUS solar panel
- Part of ABUS Comfort-Line & Smart Security World; compatible with Smartvest wireless alarm system

Technical data - 4003318981456

Compatibility	Smartvest wireless system
Functions	2-way audio, Night vision, People recognition, Zoom
Power supply	Solar, Rechargeable battery
Storage medium	USB-Stick (min. USB 3.0 max. 128GB)

Technical data - 4043158224962

Alarming	Push notification / E-Mail
Audio compression	PCM
Audio output	Built-in Speaker
Base event	PIR person detection / PIR motion detection / Manual
Colour	white
Compatible with Secoris	No
Compatible with Secvest	No
Compatible with Smartvest	Yes
Compatible with wAppLoxx	No
DC voltage supply	12 V
Dimensions	150 x 110 x 25 mm

Technical data - 4043158224962

Encryption	AES 128bit, WPA/WPA2-PSK
Frame rate	15
Frequency range	2,4 GHz
Housing material	plastic
Loudspeaker	85dB @ 10cm
Max. humidity	90 %
Max. operating temperature	40 °C
Max. resolution @ frame rate	3 MP @ 15 fps
Min. humidity	0,1
Min. operating temperature	-10 °C
Number of channels	4
Number of users	3
Power consumption	180 mA
Private zones	3
Recording modes	max. 3 MP
Resolution modes	VGA / 720p / 1080p / 3 MP
Storage medium	USB flash drive (up to 128 GB)
Technology	Network
Total video channels	4
Video Content Analysis (VCA)	Person detection
Video compression	H.264
Video output	VGA / 720p / 1080p / 3 MP
EAN	4043158224962
