

SHIELD™ 5650L NR black OE

Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- Accessories can easily be fitted to the locking mechanism on the lock housing
- Extra large wheel travel (enlarged to standard version 5650)
- In the R version, the key remains in the cylinder when the lock is opened; in the NR version, it can be pulled out

Usage

- Good protection at medium theft risk
- Recommended for securing good bicycles
- Specially optimised frame lock for use with balloon tyres

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- The 4960, 5850, 5650 Cable and Chain connection options significantly increase security
- The use of a second lock besides the frame lock is highly recommended
