CHAIN UP YOUR BIKE

The Lock-Chain Combination Expedition Chain 70/45/6 KS is the perfect solution for locking up when there is a low risk of theft

Bike thieves will stop at nothing - even ancient bicycles and children's bikes are not safe from them. Don't make it easy for them. Protect your bike with an ABUS chain lock. The specially hardened steel chain and ABUS's quality locking cylinder make it very difficult for thieves to steal your bike.

Technologies

- 6 mm square chain with textile sleeve to protect against damage to the paintwork
- The chain is made of specially hardened steel
- Extra protection against corrosion on the lock and the cylinder
- ABUS quality locking cylinder

Operation and use

- Good protection at low theft risk
- Recommended for securing low-range bicycles and children's bikes
- The longer the chain, the easier the bicycle can be locked to a fixed object
