

HIGHLY FLEXIBLE AND STABLE

The 970 Cetero Cable Lock puts up a great fight against potential bicycle thieves.

Thieves will have difficulty with the 970/100 Cable Lock. You can count on high-quality materials, modern security technology and the usual top workmanship from ABUS. The Cetero 970 Cable Lock has all of that - plus a deterrent effect to boot. Despite its robust design, with the Cetero 970 you do not have to forego the flexibility that makes a cable lock so convenient to handle.

Technologies

- 25 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- The body and structural parts of the locking mechanism are manufactured using specially hardened steel
- ABUS Plus cylinder for high protection against manipulations, e.g. picking
- Manual cover to protect the keyhole from dirt and corrosion

Operation and use

- Good protection against medium risk of theft
- Recommended for the protection of good-quality bicycles

Tips

- Cable locks are characterised by good flexibility and relatively low weight
 - The particularly thick cable acts as an additional deterrent
