

# TECTIC™ 496 NR black OE

Page 1 of 3

## Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- In the R version, the key remains in the cylinder when the lock is opened; in the NR version, it can be pulled out

## Usage

- Good protection at low theft risk
- Recommended for the protection of low-range bicycles

## Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- The use of a second lock besides the frame lock is highly recommended
