

# IVERA Cable 7220/65 black

## Technologies

- 20 mm thick, high-quality steel cable
- New, functional, durable and highly flexible Ivy synthetic-fibre coating to prevent damage to the paintwork
- The body and structural parts of the locking mechanism are manufactured using specially hardened steel

## Usage

- Great protection where there is a low risk of theft
- Ideal for securing low-cost bicycles
- The longer the chain, the easier it is to lock the bicycle to a fixed object

## Tips

- Cable locks boast excellent flexibility with a relatively low weight
- The particularly thick cable acts as an additional deterrent
