

Protection at low risk of theft

The ABUS PHANTOM™ 8940 Cable Lock features a 15 or 17mm-thick spiral cable. With this cable lock, you can quickly lock your bike anywhere and nobody will dare try to take it.

The ABUS PHANTOM™ 8940 Cable Lock is particularly secure owing to the ABUS Extra-Classe automatic cylinder with coded reversible key. No matter how you insert the key into the lock, opening always works quickly. The fact that it is very light is an added bonus: you only have to carry 460-505g. The matt black lock is coated with PVC material to prevent damage to the paintwork.

Technologies

- 15 or 17 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- ABUS Extra Classe automatic cylinder with coded reversible key

Operation and use

- Great protection where there is a low risk of theft
- Ideal for securing low-cost bicycles

Tips

- Cable locks boast excellent flexibility with a relatively low weight
-
