

Steel-O-Flex™ Raydo Pro 1460/85 + bracket TexKF

SAFE COMBINATION

Never forget your bicycle key again: If you want to lock your bike reliably without a key, use the ABUS Steel-O-Flex™ Raydo Pro 1460.

Simply choose any four-digit number code, turn the number reel and you're done. The steel cable reinforced with 20mm steel sleeves protects your bike effectively against theft. And when you need your bike again later, you can unlock the Steel-O-Flex™ Raydo Pro 1460 cable lock quickly, even in the dark: with its Press 'n' Shine function, the number reel lights up when you press it.

Technologies

- 20 mm thick, overlapping steel shells protect the internal steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- The steel sleeves are manufactured using specially hardened steel
- Individually configurable code
- Press'n Shine function – LED-lit number reel for easy handling in the dark

Operation and use

- Good protection at medium theft risk
- Recommended for securing good bicycles

Tips

- Due to the steel shells, the Steel-O-Flex™ locks reach a significantly higher security than common cable locks, yet maintaining high flexibility (Double Protection)

Steel-O-Flex™ Raydo Pro 1460/85 + bracket TexKF
