

Aventor steel blue S

Technologies

- Double shell In-Mold for durable fusion of the outer shell and the shock absorbing helmet material (EPS)
- Ponytail compatibility: Helmet good for people with long hair
- Half-surrounding plastic ring connected to adjustment system
- Lower edge protection: Provides the helmet with additional protection from external influences
- ActiCage: Structural reinforcement integrated into the EPS to optimize stability
- Zoom Ace: Fine adjustment system with handy dial for personalized fit

Tips

- ABUS Bag as accessory available
