

# SHIELD™ 5650 NR black 0E

## Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- Accessories can easily be fitted to the locking mechanism on the lock housing
- In the R version, the key remains in the cylinder when the lock is opened; in the NR version, it can be pulled out

## Usage

- Good protection at medium theft risk
- Recommended for securing good bicycles

## Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- The 4960, 5850, 5650 Cable and Chain connection options significantly increase security
- The use of a second lock is also particularly recommended
