

IVEN Steel-O-Flex™ 8200/110

Technologies

- 25 mm thick overlapping steel shells protect the inner steel cable
- The sleeve offers high protection against abrasion and doesn't absorb any liquids, e.g. water or oil
- The functional, durable and highly flexible mesh sleeve protects against damage to paintwork
- The shells, housing and the structural parts of the locking mechanism are made of specially hardened steel
- Ergonomic lock body with impact-resistant Soft Case Technology sleeve
- Premium-quality locking cylinder with easy-to-use reversible key for a high level of protection against tampering, e.g. picking
- Two keys included in the scope of delivery

Usage

- Good protection against low risk of theft
- Recommended for securing lighter motorbikes and scooters
- The longer the cable, the easier it is to lock the motorbike to a fixed object

Tips

- Thanks to the steel shells, Steel-O-Flex™ locks offer significantly greater protection compared to simple cable locks, as well as increased flexibility
