

Key Combo™ 1610/110

Technologies

- 7 mm thick square chain with fabric sleeve to prevent damage to paintwork
- The chain is made of specially hardened steel
- The two-component number rollers ensure lasting visibility of the numbers
- Customisable numeric code
- Additional ABUS locking cylinder with easy-to-use reversible key
- The original numeric code can be reset using the tool provided
- Two keys are included in the scope of delivery

Usage

- Good protection at medium theft risk
- Recommended for securing good bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object

Tips

- The Key Combo is a combination lock with an additional locking cylinder. If you accidentally change the code or forget it, you can still open the lock using the key
- The Key Combo is ideal for bicycle rentals and families
- Various keyed-alike locks are available for this lock
