

Children's bikes secured well

A practical, reasonably priced lock which optimally secures children's bikes and, moreover, can be used by the children themselves.

To prevent damage to the bicycle's paintwork, the 12.5mm high-quality steel cable is coated with plastic. You will receive two keys when you purchase the ABUS Primo 580 Kids Cable Lock. With the keys, the built-in automatic cylinder can be turned easily.

Technologies

- 12.5 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- ABUS automatic cylinder with user-friendly reversible key
- Two keys are supplied in the scope of delivery

Operation and use

- Great protection where there is a low risk of theft
- Recommended for securing low-range and children's bikes

Tips

- Cable locks boast excellent flexibility with a relatively low weight
 - This lock is also available with a black PVC sleeve
