

70/50

Technologies

- Solid lock body made from brass
- Shackle made from hardened steel with plastic sleeve
- Sealed lock body with special protective cap and drainage channels to protect the locking mechanism from water and dirt
- Shock-absorbing plastic casing protects sensitive surfaces
- Double bolted
- Precision pin cylinder
- Paracentric key profile for increased protection against manipulation
- Inner components made from rust-free materials
- Self-locking: lock without the key by pushing down the shackle
- IB Aqua Safe: stainless-steel shackle for extra-special corrosion protection

Usage

- Security for items/goods of medium value or where there is an average risk of theft
- For securing chains, doors, gates, cupboards, lockers, tool boxes, cellar windows, sheds, switch boxes, etc.
- Also suitable for outdoor use
