SOLID BASIC PROTECTION AND EASY HANDLING

Flexible and robust: the Cable Lock Catama 870

Whether shopping, enjoying a coffee or on a long bike ride: thanks to its great level of flexibility, the Cable Lock Catama 870 provides reliable protection when locking your bicycle to fixed objects when there is a low risk of theft. Handling is more than convenient: thanks to an adjustable bracket, the position of the lock can be changed. The “QuickSnap” bracket allows for single-button operation and easy mounting of the Cable Lock Catama 870 to the seat post bolt.

Technologies

- 20 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- The body and structural parts of the locking mechanism are manufactured using specially hardened steel

Operation and use

- Great protection where there is a low risk of theft
- Recommended for securing low-value bicycles
- The longer the chain, the easier it is to lock the bicycle to a fixed object

Tips

- Cable locks are characterised by their good flexibility and relatively low weight
-
