## FOR 50 KEYS OR 30 CARDS

You can temporarily store keys, plastic cards, or items such as USB sticks in our KeyGarage™ 787 BIG key box.

Hiding keys under the doormat or flower pot is old hat! With a KeyGarage™, your keys are safely stored and protected against external weather influences. The strong sheet steel housing protects keys, plastic cards, and smaller items such as USB sticks from unauthorized access. The KeyGarage™ also provides a simple and secure solution for exchanging keys or access cards. All you have to do is pass on the numerical code you set to authorized persons. If the group of people changes, the code can be changed easily. It can hold up to 50 keys, 30 plastic cards, or entire bunches of keys. Removable hooks for holding individual keys provide additional convenience. It is accessed by means of a four-digit numerical code, which is set with adjustment wheels. The ABUS KeyGarage™ 787 BIG is suitable for mounting on the wall in protected outdoor areas.
