

FOR 20 KEYS OR 14 CARDS

Our KeyGarage™ 797 with shackle and individually adjustable numerical code is suitable for storing keys and cards.

Hiding keys under the doormat or flowerpot is old hat. Because our KeyGarage™ 797 is a convenient and secure way to store your keys and cards. The sturdy metal housing can hold up to 20 keys and 14 plastic cards inside. It is accessed by means of a four-digit numerical code, which is set with the use of adjustment wheels. This means that only authorized persons have access. Particularly useful for frequently changing groups of people such as handymen, vacation guests, vehicle rentals, nursing staff, and more. With the shackle, you can hang this key box on the doorknob, for example. We recommend using the KeyGarage™ 797 in protected outdoor areas.

Technologies

- Solid metal housing
- Locking cover made of zinc die-cast
- Solid metal housing
