

## 20 KEYS OR 14 PLASTIC CARDS

Our KeyGarage™ 787 with numerical code works very well for storing keys and plastic cards safely and making them available to other people.

Hiding keys under the doormat or flower pot? That's definitely not safe enough for us! With this KeyGarage™, your keys and cards can be stored conveniently and kept secure against casual theft. The sturdy metal housing can hold up to 20 keys or 14 cards inside. If necessary, you can also hang the keys on two key hooks. We recommend that you mount the 787 KeyGarage™ in a protected outdoor area. It can be opened with a four-digit numerical code that you can set individually. This means that only authorized persons have access - which is particularly useful for frequently changing groups of people, such as handymen, vacation guests, vehicle rental companies, mobile care services, and more.

## Technologies

- Solid metal housing
- Locking cover made of zinc die-cast
- 4-digit individually settable code
- Protective cover with sliding mechanism
- For wall mounting with screws
- Can hold up to 20 keys or 14 code cards
- Outer dimensions of housing: 80 x 120 x 45
- Easily removable clip-in hooks guarantee consumer's comfort

---

### Usage

- Ideal protected storage of keys and other valuables for authorised persons
- Quick and easy access for frequently changing groups of persons (craftsmen, service, holiday guests, apartment buildings, car rentals)
- Defining access by setting and passing on the code
- For wall mounting indoors and in protected outdoor areas

### Variants
