

SOLID HASP

Our 200 hasp is a solid and durable standard hasp that comes in different sizes.

If you want to protect flush doors (for example, yard gates, cellar doors, etc.) from unauthorized access, but can't simply hang a padlock, we recommend our 200 hasp. Thanks to the hardened steel staple and the concealed screws, which offer almost no attackable surface, the hasp is significantly more difficult to break open.

Technologies

- Corrosion protected
- Steel construction
- Hidden screws

Operation and use

- Designed for doors closing flush, i.e. door leaf and door frame are level
- To be used with a padlock

Variants

- Sizes: 75, 95, 115, 135 and 155 mm

Technical data - 200/115

Hole Diameter c	13,4 mm
Security Level Home Security	2
Weight [g]	175 g
Width a	115 mm
Width b	47 mm
colour	zinc plated
