WALL BRACKET FOR PTZ MINI-DOME CAMERA (IPCS84511)

Position your cameras perfectly!

Use this wall bracket to mount the IP mini dome camera with pan/tilt function (art. no. IPCS84511) in the correct position on the wall.

The robust and reliable bracket is suitable for indoor and outdoor use. With the dimensions (L x W x H) 224 x 126 x 80mm, it is exactly matched to the dimensions of the IPCS84511. The bracket is made of high-quality materials, including plastic and metal, which makes it particularly durable and resistant to weathering. The cable can be routed internally for optimum protection of the connecting cable against weather and tampering.

The wall bracket is compatible with the IP mini dome cameras of the IPCS84510 and IPCS84511 series (and identical models), making it a versatile mounting solution for professional video surveillance.
