

Strike plate SBT (LR 25)

THE SECURE BASIS

This strike plate makes it difficult for unauthorised persons to enter.

In combination with a mortice lock, strike plates are part of the basic equipment for your house and flat doors in terms of security. This strike plate is especially suitable for house front doors and is designed for use with ABUS door openers. The sheet made of high-quality steel is particularly flat and offers the possibility of mounting mechanical or electric door openers through recesses. You can choose between the following: ET 50/60/70/75/80/85 and MT 90.

Technologies

- Steel strike plate

Operation and use

- For main entrance doors
- Alternatively can be combined with the door openers ET 50/60/70/80
