THE TRIED AND TESTED SOLUTION

Classic door chain for house and flat doors.

With this door chain you can open the door a crack wide to dare a safe look out of your house or flat door. In this way, you can prevent uninvited guests from entering. The chain is made of welded steel and protected from careless children's hands thanks to a spring-loaded bar.

Technologies

- Welded steel chain
- Childproof lock: spring-loaded bolt
- Integrated chain support

Operation and use

- For main entrance doors and apartment doors

Variants

- Finishes: M, N
