

COMPACT SAFETY TORCH

Our TL-530 torch provides light in the dark with high-quality LED lights

Our TL-530 torch ensures that you can find your way in the dark - for example in your hobby cellar or garage. Practical: It can be put down anywhere without rolling off the table, bonnet or other smooth surfaces because of its square shaft. Thanks to the holster, you can also attach it to your belt and have your hands free for other craft activities. Or you can hang the torch on a hook using the loop on the shaft.
