BLUETOOTH® FINGER SCANNER

Want to go out for a jog for an hour or two, or just pop over to the neighbour's house without having to take a key with you?

It's possible with the Bluetooth® finger scanner for our HomeTec Pro electronic door lock drive. Simply scan your finger and the front door unlocks and opens. And vice versa: Finger scanned, and the front door is locked or bolted. For the whole family, close friends, small businesses and the like. For front doors, flat doors, offices, service rooms and more.

Technologies

- Memory for 28 different fingerprints
- Straightforward, flexible and cable-free installation
- Maximum security through AES-128-bit encryption and ABUS Keycard
- Bluetooth® wireless standard
- Power supply via battery (3 x AA batteries; included)
- The door lock drive HomeTec Pro Bluetooth® CFA3100 is required

Operation and use

- For controlling the HomeTec Pro Bluetooth® door lock drive CFA3100
- Lock/unlock and open the door with a fingerprint
- Enables access authorisations to be granted
- Protects the sensor from weather-related influences
