

SHIELD™ 565 NR black

Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of specially hardened steel
- The R (key retaining) version holds the key when the lock is open, the NR (non key retaining) version allows taking the key out of the cylinder

Usage

- Good protection at low theft risk
- Recommended for the protection of low-range bicycles

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- The use of a second lock besides the frame lock is highly recommended
