Technologies

- Lock body made of solid brass
- Sealed lock body with special protective cap and drainage channels to protect the locking mechanism from water and dirt
- Shock-absorbing plastic casing protects sensitive surfaces
- Shackle made from hardened steel with plastic sleeve
- Inner components made from rust-free materials
- Double bolted
- Precision pin cylinder
- Self-locking: lock without the key by pushing down the shackle
- Paracentric key profile for increased protection against manipulation
- IB Aqua Safe: stainless-steel shackle for extra-special corrosion protection
