

SOLID HASP

Our hasp 200 is a solid and durable standard hasp in various sizes.

If you want to protect so-called flush doors (for example garden gates, cellar doors and similar) from unauthorised access, but a padlock cannot simply be hooked in, we recommend our hasp 200. Thanks to the hardened steel eyelet and the concealed screws, which offer hardly any attack surface, breaking open is significantly more difficult.

Technologies

- Corrosion protected
- Steel construction
- Hidden screws

Operation and use

- Designed for doors closing flush, i.e. door leaf and door frame are level
- To be used with a padlock

Variants

- Sizes: 75, 95, 115, 135 and 155 mm

Technical data - 200/95

Eyelet bore hole c	13,4 mm
Length a	95 mm
Security Level Home Security	2
Weight	118 g
Width b	39 mm
colour	zinc plated
EAN	4003318016134
