Edge protection JC3624 PETER

Seite 1 von 2

SECURE WINDOWSILLS, TABLES AND CHESTS OF DRAWERS ALONG THEIR ENTIRE LENGTH

Our edge guard PETER mitigates collisions

The long sides of chests of drawers, window sills, tables and more can be painful in collisions. We therefore recommend: Protect them too with our PETER edge guard! Stick it on, done. PETER can be combined very well with the corner guard JANNIC.

Technologies

- 1 x edge protector, length: 2,4 metres Can be cut to a specific length
- Soft foam, high damping
- Simple installation with 3M sticky pad
- Tip: extend with Jannic corner guard

Operation and use

- Protects against injury on edges
- For table edges, window sills etc.
