PREVENT REACHING IN

EMMA secures sockets!

Our EMMA socket cover prevents little explorers from simply sticking their fingers into a socket while exploring the house or flat. EMMA is particularly childproof: It can only be removed with a special key and is accordingly firmly mounted.

Technologies

- Scope of delivery: 8 x + 1 (special key)
- Childproof: can only be removed with the special key
- Discreet, unobtrusive design

Operation and use

- Protects children from electric shocks
 - Suitable for Swiss sockets
 - For at home and away
-
