

10 m Preassembled BNC Cable

Art.-Nr. TVAC40040

Seite 1 von 1

This high-quality, preassembled coaxial cable provides the perfect connection for your video components, e.g. from a camera to a recorder. The cable's impedance is 75 ohm and it comes with BNC plugs at both ends. The preassembled BNC cable is available in a length of 20 m (TVAC40050), 10 m (TVAC40040), 5 m (TVAC40030), 3 m (TVAC40020), 2 m (TVAC40010) and 1 m (TVAC40000).

Technologies

- BNC-plug at both ends
- Impedance: 75 ohm
- High-quality assembled cable
- Length: 10 m

Technical data - 10 m Preassembled BNC Cable

| | |
|----------------------------|-------------------------|
| Cable length | 10 m |
| Connections | BNC (male) – BNC (male) |
| Damping | 0.32 dB |
| Diameter | 5 mm |
| Housing material | PVC |
| Impedance | 75 Ω |
| Insulation | PE |
| Intended use | indoors |
| Max. operating temperature | 60 °C |
| Min. operating temperature | -10 °C |
| Outer diameter | 50 mm |
