

CATENA 6806K/110 reflective

THE CHAIN LOCK THAT IS VISIBLY SECURE

Proven ABUS quality meets passive security: With the reflective coating of the Catena 6806 reflective, security becomes particularly visible.

Easy handling and high security - these are the most important features of the chain lock. Thanks to its flexible yet strong design, it can fit anywhere: under the saddle or on the frame of your bike. The Catena 6806 reflective is a bright highlight that provides extra passive security when out and about. Meanwhile, the proven ABUS quality ensures protection on the spot: The six-millimetre-thick chain made of hardened steel and the high-quality lock cylinder provide a high level of theft protection when your bike is out of sight.

Technologies

- 6 mm thick square chain with textile sleeve that prevents damage to paintwork
- The chain is made of specially hardened steel

Operation and use

- Good protection at low theft risk
- Recommended for securing entry level bicycles

Tips

- Very easy handling, because only one end of the chain has to be locked
