

Double cylinder X60

Seite 1 von 2

THE ULTIMATE 'ONE KEY' SOLUTION

Door double cylinder with security card, BSI***-certification, and protection against drilling, picking, bumping, snapping and extraction.

The door cylinder is the centrepiece of every door and is a key part of break-in protection. ABUS X60 provides high security with the newest technology features: the cylinder lock protects against 5 types of attack: Drilling, Picking, Bumping, Snapping and Plug Extraction. NEW single clutch, non-handed version enables dealers to carry less stock. The security card provided makes certain that only authorised persons can order a key. A duplicate key is to be produced only after the provision of the original card.
