

Platinum Chain 34CS/55 10KS 110 black

Technologies

- Hardened 10 mm square chain and a high quality ABUS padlock provide all-round security
- Lock with hardened shackle and housing as well as extra shackle protection
- Proven ABUS pin cylinder, with hardened steel providing all-round anti-drill protection

Usage

- Good protection when there is average risk of theft
- Recommended for protecting light motorbikes and scooters from an average risk of theft

Tips

- Lock-chain combinations are a good solution for attaching motorbikes to fixed objects
- To limit the possibility of brutal attempts to smash the chain, it is best not to place it on or near the ground
