

Cetero 970/100 black

Technologies

- 25 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- The body and structural parts of the locking mechanism are manufactured using specially hardened steel
- ABUS Plus cylinder for high protection against manipulations, e.g. picking
- Manual cover to protect the keyhole from dirt and corrosion

Usage

- Good protection against medium risk of theft
- Recommended for the protection of good-quality bicycles

Tips

- Cable locks are characterised by good flexibility and relatively low weight
- The particularly thick cable acts as an additional deterrent
