

CityChain™ 1010/170 black

Technologies

- 9 mm hexagonal chain with fabric sleeve to prevent damage to the bicycle's paintwork
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel
- ABUS Plus cylinder for high protection against manipulations, e.g. picking
- Automatic cover for the keyhole against dirt and corrosion

Usage

- Good protection at high theft risk
- Recommended for securing high quality bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object

Tips

- The lock can be ordered keyed alike with other locks, all of which are operated using the same key or locking method
- Very easy handling, because only one end of the chain has to be locked
