

PRACTICAL AND FAST

This bicycle lock captivates by its unproblematic application, as well as by its noble design.

The ABUS PHANTOM™ 8950 Spiral Cable Lock is extra quick to use for several reasons. For example, once you have put the bicycle lock around your bike and around a fixed object, you no longer need a key to lock it. It is no longer necessary to go to the trouble of finding keys thanks to the ABUS Extra-Classe automatic cylinder, and you save valuable time. And when you don't need the bike lock, you can quickly attach it to the innovative magnetic mount. Simply insert into the holder - ready. The PHANTOM™ 8950 Spiral Cable Lock is not only practical, but stylish too thanks to its plastic coating with a matt black appearance.

Technologies

- 12 or 15 mm thick, high-quality and super flexible spiral cable
- Plastic coating in matte black look to prevent damage to the bicycle's paintwork
- ABUS Extra Classe (EC) automatic cylinder with coded reversible key

Usage

- Good protection at low theft risk
- Ideal for securing entry-level bicycles

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
