

GRANIT™ Power Chain 37 14KS Black Loop

Page 1 of 1

Technologies

- 14 mm strong (loop) chain with fabric sleeve to prevent damage to paintwork
- Double bolted 14 mm shackle in the lock body
- Cylinder inserted into the padlock from the top for optimum drill and pull resistance
- Shackle guard protects against attacks with tools
- Black Granit coating provides optimum corrosion resistance for the lock body and shackle
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel
- ABUS Plus cylinder for maximum protection against attempted manipulation, e.g. picking
- Two keys are included in the scope of delivery, one of which is an LED torch key
- ABUS Code Card for additional and replacement keys

Usage

- Excellent protection where the risk of theft is high
- Recommended for protecting high-value motorbikes and boat trailers

Tips

- You can order several one-key-fits-all locks. That means that a single key or mechanism can be used for several locks
- Chain-lock combinations are a great solution for locking motorbikes to fixed objects
- To limit the possibilities of brutal attacks it is recommendable to avoid laying the chain on or close to the ground
