

52 LH NR OE

Technologies

- 8 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel

Usage

- Good protection at low theft risk
- Recommended for the protection of low-range bicycles

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- The use of a second lock besides the frame lock is highly recommended
- In the KR version, the key remains in the cylinder when the lock is opened; it can be pulled out in the NKR version
