

Steel-O-Flex™ Tresor 1360/110 black

Page 1 of 1

Technologies

- 20 mm thick, overlapping steel shells protect the internal steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- Two-component number reels ensure long-term readability of the digits
- Special touch protection for increased security against unauthorised access to the code through manipulation of the mechanism
- Dark-touch function facilitates use in the dark thanks to special imprinting
- Individually configurable code

Usage

- Good protection at low theft risk
- Ideal for securing low-cost bicycles
- The longer the cable, the easier the bicycle can be locked to a fixed object

Tips

- Due to the steel shells, the Steel-O-Flex™ locks reach a significantly higher security than common cable locks, yet maintaining high flexibility (Double Protection)
- The combination lock is great for use by several people
