

# IVERA Chain 7210/85 sparkling orange

## Technologies

- 7 mm square chain with functional, long-life and highly-flexible mesh sleeve to prevent damage to the bicycle's paintwork
- The sleeve offers very high protection against abrasion and does not absorb any liquids e.g. water or oil
- The chain, the case as well as supporting elements of the locking mechanism are made of specially hardened steel

## Usage

- Outstanding protection in situations where the risk of theft is low to medium

## Tips

- The Lock prevents water from being absorbed by the fabric, thereby protecting the locks against corrosion. Its durability also means that there's no excuse for not securing your bicycle, even if the weather is bad and you worry about the lock getting dirty.
- The locks in the IvyTex range are available in various designs from specialist retailers.
