

WITH REVERSIBLE KEY

The 98 Titalium monobloc padlock is ideal for securing challenging access points with an exceptionally high potential for theft.

Presenting a cutting-edge solution for unconventional lock scenarios, where standard padlocks falter due to space constraints. Our innovative 98 Titalium lock boasts a lateral key entry, optimal for tight areas. With a robust locking bolt made of hardened steel, security is paramount, while the design thwarts unauthorized access attempts. The reversible key enhances convenience and fits flawlessly, reflecting our commitment to top-tier quality and security.

Technologies

- Lock body made of TITALIUM™ special aluminum - high security with low weight
- 15/32" special hardened steel shackle
- High precision reversible keyway with 150,000 key differs
- Automatic locking: Locking without key by pushing the shackle
- Paracentric keyway for increased protection against manipulation

Use and application

- To secure valuables / goods of greater value or at a high risk of theft
- To secure doors, gates, cupboards, tool boxes, cellar windows, sheds, switchboards, etc.
- Ideally used with ABUS hasps No. 130
