THE HELMET FOR YOUNG ADVENTURERS

A child's life takes place outside and is full of movement. The right helmet is simply part of the package.

Kids love action. If you are riding your bike or skateboard, it can't be fast or wild enough for you. It goes without saying that the right protective equipment is needed.

The Scraper Kid 3.0 is aimed at all young stuntmen and women who prefer to spend their free time in the halfpipe or off-road. A robust helmet for this purpose, equipped with a variety of ABUS extras and cool enough to always cut a good figure.

Technologies

- ABS hard-shell technology
- Good visibility thanks to highly luminescent reflectors
- Ponytail compatibility: the helmet is ideal for riders with ponytails
- Forced Air Cooling Technology: Sophisticated ventilation system for an optimal head climate
- Excellent ventilation with 4 air inlets and 4 air outlets connected with flow channels
- Size adjustment by means of a half ring made from particularly hard-wearing and slightly malleable plastic for optimal stability and form fitting
- Zoom Ace Urban: Finely adjustable adjustment system with handy adjustment wheel for customisable fit
