

MoDrop MIPS velvet black M

Seite 1 von 2

The "Ready for Any Trail" helmet.

The ABUS MoDrop MIPS can handle any terrain, and any riding style.

The MoDrop is made for epic back country adventures or days riding the local trails. Equipped with our ZoomAce MTB adjustment system and TriVider helmet straps, this helmet offers many features that make you forget you are even wearing a helmet. The height-adjustable visor protects you from hanging branches and varying light conditions you might encounter when on the trails. The inclusion of MIPS adds an additional layer of protection in the event of a crash.

Technologies

- Multi-Shell In-Mould for a permanent bond between the outer shell and the shock-absorbing helmet material (EPS)
- Zoom Ace MTB: Height-adjustable adjustment system to fit the head circumference
- Ponytail compatibility: Helmet well suited for ponytail wearers
- Laterally adjustable, non-slip TriVider webbing distributor
- Moulded lower shell for added durability
- QUIN ready - easy upgrade with the separately available QUIN chip for fall detection
- GoggFit: Goggles are easily stored under the visor when not being used.
- MIPS: Impact protection that protects the brain, especially when the cyclist's head hits the ground at an angle during a fall.
- Ventilation: excellent ventilation for this helmet type due to 6 air inlets and 8 air outlets
- Bug mesh: thorough protection against insects
