

787 SMART-BT wall mounting

Seite 1 von 2

UP TO 20 KEYS

Smart means keeping it simple: Our KeyGarage™ 787 Smart-BT can be operated over Bluetooth® via an app.

Our KeyGarage™ 787 Smart-BT for wall mounting is a great option for holding up to 20 keys, three car keys or up to 30 plastic cards on a temporary and flexible basis for various groups of people. As an admin, you can generate a six-digit key code for others in the app, which will give them access to whatever is stored in the smart KeyGarage without the use of a smartphone; e.g. for guests in a holiday rental, workers, cleaning service, mobile care services and more. Another option is to send an electronic access ticket via the app. Our Bluetooth®-KeyGarage has the current most secure AES-128-Bit encryption. Inside there are two hooks for keys. The batteries can be changed any time without having to open the KeyGarage™ 787 Smart-BT. We recommend using the KeyGarage™ 787 Smart-BT on the wall in a protected outdoor area.

Technologies

- Large, sturdy metal housing
- Illuminated electronic keypad for entering a 6-digit key code
- Manage and use the KeyGarage™ using the HomeTec Pro Bluetooth app
- Generate and send individual access tickets or a 6-digit code for multiple users
- View the log access history and current users
- Capacity for up to 20 keys, 3 car keys or 30 plastic cards
- Integrated key hooks for hanging up keys/key fobs
- Automatic locking
- Battery compartment for 2 x AA batteries, accessible from the outside
