

WEATHERPROOF THEFT PROTECTION

The WP in the name of the Extreme 83WP/53 stands for weather protected, because this lock holds its own against rust even in the most severe weather conditions.

A plastic coating around the entire lock body and drainage channels make the padlock extremely weatherproof. In addition, a protective cap shields the cylinder from moisture and dust. These features make the padlock the ideal choice for outdoor use. Both the lock body and the shackle are made of hardened special steel. The padlock thus offers massive resistance when securing high-value assets. Keyed alike: one key for several locks

You can adapt the lock to existing bitting systems as the cylinder can be exchanged. Even the shackle can be easily replaced. The Extreme 83WP/53 combines robust safety, corrosion resistance and flexibility.

Technologies

- Shackle and lock body made of hardened special steel with NANO PROTECT™ coating for extreme corrosion resistance
- Precision pin cylinder
- RK: cylinder can be re-keyed to match an existing key
- As required, either automatic locking = locking without a key by pressing down on the shackle, or key-retaining = locking only with a key (Z-bar)
- Extremely weather-resistant due to the full plastic coating, including cylinder protection and sealed shackle holes
- 83WP/53: Shackle can be exchanged within seconds
- Shackle can be exchanged within seconds

- Precision pin cylinder

Use and application

- To secure assets and objects of greater value or those at a high risk of theft
- To secure grates, doors, gates, cupboards, tool boxes, cellar windows, sheds, switch boxes, barriers, etc.
- Extremely flexible: can be adapted to different requirements in a short time – thanks to its interchangeable cylinder and the possibility to quickly change the shackle
- Can be combined keyed alike with various ABUS door cylinders
- Ideal for extreme weather conditions (e.g. in sea and harbour areas, for securing on vehicles and boats/ships in outdoor use)

Variants

- Sizes 2 3/32, 2 31/64""
- 83WPCS/53: With integrated shackle guard: makes attacks with bolt cutters difficult

Technical data - 83WP-IC/53

Depth e	1 11/32 inch
Height f	3 13/16 inch
Horizontal clearance b	59/64 inch
Keyed alike	No
Locking type	key
Security Level Home Security	8
Shackle diameter d	5/16 inch
Vertical clearance c	1 7/64 inch
Weight [lbs]	0.67 lbs
Width a	2 1/4 inch
color	black
